

## WINE LIST

We have endeavoured to select the finest examples of wines, both (accessible and aspirational) from all over the world for your enjoyment. Our wine list takes you on an international journey through the favourite vineyards of M and includes offerings from the world's most renowned producers as well as small, independent wineries and hand-crafted wines. Many of these offerings are exclusive to M.

As a celebration of our love for Provence and the South of France, we have sourced some of the best examples of this stunning wine making region. M was initially 'created' by Mike, Martin and I back in 2014 in the beautiful setting of Provence so to celebrate this and to complement the 'Cote d'azur' focus of the menu in this restaurant, we have honoured the region with its very own selection of wines, which hold both personal relationships and memories in each bottle we share with you.

*Wines in Gold have been special selected as wines of outstanding quality with limited production, made by the industry's most respected winemakers. Some of these wines are the most decorated in history and carry the reputation of being the world's most luxurious wines. As these wines are extremely rare and hard to find, vintages and availability are subject to change.*

If you would enjoy a complimentary, bespoke wine tasting at your table, or would like to visit our tasting machines at our tasting table, please let us know and we will be delighted to create a unique wine experience for you.

Alternatively, if you would like us to create a flight of wines to accompany your dining experience, it would be our pleasure. Finally, we have over 100 wines by glass, with 50 classical options along with a further 50 rare and exclusive wines you can enjoy by the Coravin or our Enomatic wine tasting machines.

Enjoy!
